

# PADSTONE MOULDS

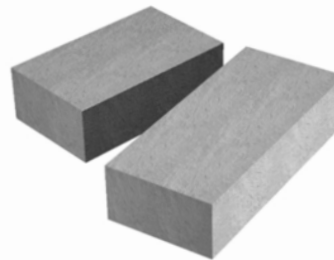

## Moulds to produce concrete block

Numold produce Padstone moulds made from Polyurethane for wet cast concrete production to make a solid base for lintels and beams. Made from high strength dense concrete, the Padstones are easy to use in any orientation and are available in a choice of sizes to suit your specific application.

**Client Logo specification showing positioning of branding**

Willowcrete Manufacturing Co. Ltd is a long-established family business and specialise in wet cast products. Numold produced the bespoke branding project for Willowcrete in 2017 for two Padstones sizes.

**Concrete block with branding**
