

Pier Caps & Copings

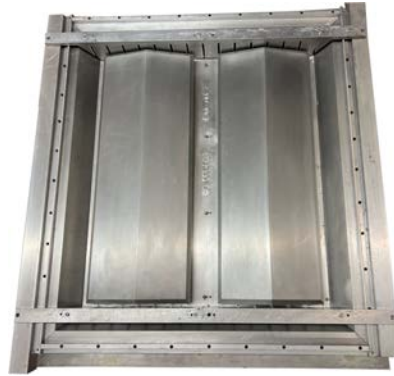

SINGLE & MULTI MOULD POLYURETHANE MOULDS FOR AUTOMATIC DEMOULD

High Quality, Heavy Duty Polyurethane moulds to suit all types of Automated machinery
 Advantages over Steel Moulds in providing undercuts and special design features

Bespoke Pier Cap

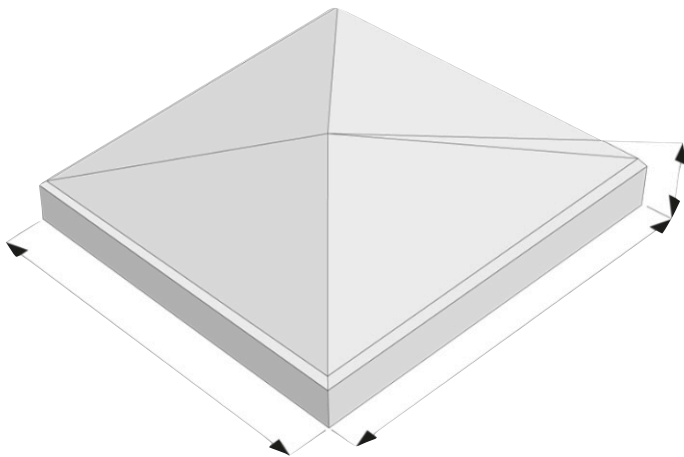

SINGLE Self - Supporting Moulds Polyurethane

Bespoke Twice Weathered Copings

MULTI MOLD Format available in TWIN & QUAD format

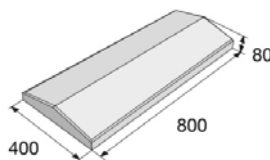

Client - Presbeton s.r.o, Czech Rep

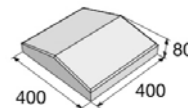

Presbeton came to Numold to produce bespoke moulds to replace their existing Steel moulds - which were time consuming and difficult to demould due to the undercuts. We developed our Flexform self supporting polyurethane mould system to fit their specific production plants.
